EXPERIENCE

SOFTWARE DEVELOPMENT ENGINEER (Internship)

BLUESTOCK FINTECH

March 2026 - April 2026, Pune

- Collaborated with the development team to build and enhance fintech applications in a remote environment
- Assisted in designing, developing, and testing software components for real-world financial systems
- Worked on debugging, optimizing code, and improving application performance
- Gained hands-on experience with software development lifecycle (SDLC) and agile practices
- Contributed to team discussions, code reviews, and technical problem-solving

PROJECT

Online Agro Store

March 2025 - May 2025

- Developed a user-friendly e-commerce platform for farmers and customers to buy and sell agricultural products online.
- Implemented features such as product listing, secure payment gateway, order tracking, and admin management dashboard.
- Focused on improving accessibility for rural users and digitalizing the agro marketplace.

Blog Website

March 2026 - April 2026

- Developed a fully functional blog platform allowing users to create, edit, and delete posts
- Implemented user-friendly UI for seamless content browsing and interaction
- Designed responsive web pages ensuring compatibility across devices
- Integrated backend functionalities for data storage and retrieval
- Applied CRUD operations and optimized performance for faster load times
